

Program Manager – B/E Aerospace, Inc.

Date Entered: 1/26/11

Recruiter Name: Debbie Neis

Recruiter Phone: 913-338-9804

Recruiter Email: Debbie_neis@beaerospace.com

Company Name: B/E Aerospace, Inc.

Position Title: Program Manager

Position Location: Lenexa, KS

Company Background:

World's leading manufacturer of aircraft interior products and solutions, and the world's leading distributor of aerospace fasteners and consumables for the commercial, business jet, and military markets

Position Details:

As a leader in the aerospace industry, we are growing and have a number of exciting positions available right now. B/E Aerospace's Commercial Aircraft Segment is seeking energetic, self-starters for the position of Program Manager at our Lenexa, KS facility. At our Lenexa site we manufacture and assemble a wide selection of passenger and crew oxygen storage and delivery systems, as well as galley insert equipment including coffee and espresso makers, water boilers and liquid containers.

This position is responsible for Managing the activities of product lines / projects / programs involving department or cross-functional teams and focusing on delivery within prescribed time frame and funding parameters.

Key Responsibilities:

- Monitors the product line / program / project from initiation through delivery.
- Reviews project proposal or plan to determine time frame, procedures for accomplishing project, and allotment of available resources to various phases of project; reports findings to management.
- Recommends business and operational goals; ensures operation meets the goals.
- Confers with project staff to outline work plan and responsibilities.
- Coordinates activities of project personnel to ensure project progresses on schedule and within prescribed budget.
- Compiles status reports prepared by project personnel and modifies schedules or plans as required; prepares project reports for management, client, or others.
- Confers with project personnel to provide technical advice and to resolve problems.

Minimum Requirements:

- Bachelor's degree (BA/BS) from four-year college or university
- Minimum five years related experience and/or training; or equivalent combination of education and experience

Preferred Requirements:

- PMP Certification is preferred
- A minimum of five years manufacturing related experience is a plus
- Experience in the aerospace industry is preferred
- Must be able to motivate others and train others
- Ability to create consensus and results from peers in cross-functional positions
- Understanding of financial reports and expense control (i.e. Profit and Loss reports)
- Experience developing and delivering presentations to both customers, public groups, and internal organizations
- Ability to respond to common inquiries or complaints from customers, regulatory agencies, or members of the business community
- Advance/expert knowledge of Excel, Project and PowerPoint
- Strong planning, organizing, and analytical skills
- Detail-oriented and able to multi-task
- Willingness to remain flexible and attend to various tasks as they arise
